All other 08 ^{4,5}					Call charges from		Free		to £2.50		

Prices correct as at 1st August 2008.

The legal stuff you need to know:

- 1 Please see terms and conditions. Web 'n' walk is subject to coverage. Not applicable to connection via CSD. *To ensure a high quality of service for all our customers a 1GB (of data both sent and received in the UK) per month fair use policy applies for web 'n' walk and BlackBerry Internet Email. If you go over 1GB per month, we may tell you to reduce your future use. If you again exceed 1GB per month, we may tell you that we are going to apply network protection controls, resulting in a reduced network speed for 14 days. If you exceed 1GB per month for a third time, we may tell you that we are going to apply further network protection controls, resulting in a reduced network speed until you upgrade your price plan to include a larger data allowance. We do not permit use of this service to provide modem access for a computer or for peer to peer file sharing, or for internet phone calls. Unless you have BlackBerry Messenger you can't use this service for instant messaging. Roaming charges apply.
- 2 Applies to messages sent from your mobile phone or via the T-Mobile website; www.t-mobile.co.uk
- 3 You will be charged for messages sent to non GSM networks.
- 4 All number prefixed by 08 or 09 are not included in your allowance.
- 5 All chargeable calls will be subject to a 1 minute minimum charge unless otherwise stated.
- 6 Please call go to www.t-mobile.co.uk/08-09PM for further information about charges for specific numbers starting with 08 and 09.

Points to note.

- Your **inclusive allowance** (shown on your bill as 'allowance') is the amount that you have to spend on selected T-Mobile services each month. You can use your allowance for voice calls (excluding calls to the T-Mobile WAP service and calls made whilst abroad), text and picture messages to the customers of other UK mobile networks. Numbers prefixed with 08, and calls and texts to the Isle of Man, Jersey and Guernsey are not included in your allowance.
- **If your inclusive allowance runs out during a call**, we will charge you for the remainder of that call.
- The allowance you have used is worked out when we print your bill. You can **get an estimate of the amount you have used** by calling the T-Mobile account enquiry service (dial 150). The estimate includes the inclusive allowance you have used up to the time of your enquiry in the current billing period. If there is a difference between the enquiry service estimates and the amounts shown on the bill, the latter takes precedence.
- When you join a T-Mobile pay monthly plan, **you should be sent your first bill within 2 weeks of becoming a customer**. Your first month's charge and inclusive allowance will be proportionate to the number of days from your date of joining to the date of the bill. All monthly charges and inclusive minute allowances will be proportionate to part months used, except where this would conflict with any other clause of the agreement.
- **Per second charging** applies to all types of chargeable calls (unless otherwise stated). Charging starts when a call is answered by a person or an answering device. The call is billed at the rate applicable at the start of the call. However for pay monthly customers, if the call exceeds two hours in length and crosses into a different part of the day (for example, from 'daytime' to 'evening'), the remainder of the call will be charged at the new rate.
- **A call ends when:**
 - a) you end the call on your device; or
 - b) 16 seconds after your calling device loses signal for any reason (note: we continue to maintain the call in case your device re-establishes a signal with our network within this period); or
 - c) you do not end the call on your device, up to 30 seconds after the last third party you were connected to has ended their call.
- On the bill, for pay monthly customers the **charge for each call** is rounded to the nearest tenth of a penny. The total of each of the sub-categories of 'call charges' and 'other usage charges' will be rounded to the nearest penny on the bill, then added together before VAT is added to this final figure. All chargeable calls will be subject to a 1 minute minimum charge unless otherwise stated.
- Diverted calls are charged at the local or national call rate or, if appropriate, the relevant mobile or special number rate. Diverted calls are not included in any inclusive allowance you may have.
- Additional charges may apply whilst using your T-Mobile phone abroad.
- Additional charges (e.g. international call charges, premium rates etc) can be found on www.t-mobile.co.uk/whatitcosts or our 'Non standard charges' leaflet.
- T-Mobile reserves the **right to vary or withdraw** any individual or additional service with 30 days notice.
- A text message consists of up to 160 characters. If you send a longer message, you will be charged for two or more text messages as appropriate.
