The legal stuff you need to know:

- 1 To get Mobile Broadband Plus 30 days you'll need to set up a direct debit payment. If you're already a T-Mobile pay monthly customer, you'll need to be outside your minimum contract term to get this plan. If you're not already a T-Mobile pay monthly customer, we'll need to run some standard credit checks. Mobile Broadband Plus 30 days is £20 a month. You'll need a compatible laptop, an enabled device like a USB modem and mobile broadband coverage. You can check your coverage at t-mobile.co.uk/mobilebroadband. Remember that you can only use your plan in the UK and you can't use your plan to make internet phone calls. If you use your plan outside the UK, we'll add any roaming charges to your pay monthly account, please see the webpage mentioned above for more details. You can use all of our T-Mobile HotSpots in the UK, but you'll need to accept our HotSpots legal stuff first. If you decide to upgrade or cancel your contract you'll need to give 30 days notice to us by phone. We'll issue you a final bill at the end of the 30 days to cover the notice period and any services you may have used during that time. *This plan comes with a fair use policy of 3GB a month. We'll monitor how much you send and receive each calendar month so that we can protect our network for all our Mobile Broadband customers. If you use more than your fair use policy amount, we won't charge you any more, but we may restrict how you can use your plan, depending on how often you go over your amount and by how much.
- 2 Mobile Broadband Plus is for use in the UK only. You'll need to promise to stay with us for 12, 18 or 24 months and pass our standard credit check. Points to note.

- When you join a T-Mobile pay monthly plan, **you should be sent your first bill within 2 weeks of becoming a customer.**
- **Per second charging** applies to all types of chargeable calls (unless otherwise stated). Charging starts when a call is answered by a person or an answering device. The call is billed at the rate applicable at the start of the call. However, for pay monthly customers, if the call exceeds two hours in length and crosses over into different parts of the day (for example, from, 'daytime' to 'evening') the remainder of the call will be charged at the new rate. The call is billed at the rate applicable at the start of the call.
- **A call ends when:**
 - a) you end the call on your device; or
 - b) 16 seconds after your calling device loses signal for any reason (note: we continue to maintain the call in case your device re-establishes a signal with our network within this period); or
 - c) you do not end the call on your device, up to 30 seconds after the last third party you were connected to has ended their call.
- On the bill, for pay monthly customers the **charge for each call** is rounded to the nearest tenth of a penny. The total of each of the sub-categories of 'call charges' and 'other usage charges' will be rounded to the nearest penny on the bill, then added together before VAT is added to this final figure. All chargeable calls will be subject to a 1 minute minimum charge unless otherwise stated.
- Diverted calls are charged at the local or national call rate or, if appropriate, the relevant mobile or special number rate. Diverted calls are not included in any inclusive minutes you may have.
- For details of the charges for using your Mobile Broadband SIM card whilst you are outside the UK, please refer to our 'Non Standard What it Costs' leaflet.
- Additional charges (e.g. international call charges, premium rates etc) can be found on www.t-mobile.co.uk/whatitcosts or our 'Non standard charges' leaflet.
- A text message consists of up to 160 characters. If you send a longer message, you will be charged for two or more text messages as appropriate.
